Komplette Tissue Papierproduktion 2750 mm
Artikel-Nr. 6666

Technische Daten:

Maschine:	Komplette Tissue Papierproduktion 2750 mm
Hersteller:	European
Typ:	Grammage: 14 - 25 GSM
Größe:	2750 mm
Kapazität:	30 t/day
Jahr:	None

Beschreibung:

COMPLETE PAPER MILL – TOSCOTEC PAPER MACHINE

Complete Paper Production Line

Manufacturer: Toscotec

Working width: 2,730 mm

Production capacity: Approx. 30 tonnes/day

Paper grammage: 15–25 g/m²

Technical Description

Complete paper production line, manufactured by Toscotec, offered together with a comprehensive stock preparation system, boiler house, water treatment plant and extensive auxiliary equipment.

The installation is designed for the production of paper grades with grammages ranging from 15 to 25 g/m², with an approximate production capacity of 30 tonnes per day.

The line is equipped with high-quality machinery and auxiliary components from renowned European manufacturers.

Main Equipment & Components

- Paper machine, working width 2,730 mm
- Complete stock preparation system
- Modern refiner, approximately 5 years old
- 3 fine screening units
- Turbo separator
- Drum unit
- Water treatment system based on flotation technology
- Rewinder for 3-ply paper
- Complete boiler house
- Industrial burner system
- Additional blind press for the main suction press

Auxiliary Equipment & Spare Parts

The extensive scope of supply includes:

- Piping systems
- Electrical cabling
- Comprehensive stock of spare parts
- Duplicate motors and pumps for every machine position
- Additional machinery and auxiliary components
