

Twin-Wire Gapformer Newsprint machine 6800mm Gebrauchtmaschine | Artikel-Nr. 2692

Technische Daten:

Maschine:	Twin-Wire Gapformer Newsprint machine
	6800mm
Hersteller:	
Typ:	Twin-Wire Gapformer
Größe:	6800mm
Kapazität:	
Jahr:	1974

Beschreibung:

Gapformer Newsprint machine:

manufacturer: Beloit

type: Twin-Wire Gapformer

year of manufacturing: 1974

years of major rebuilt: 1994 - 1996 - 2006

working width at the pope reel: 6800mm

capacity: paper machine 100 000 tpy and deinking stock preparation 70 000 tpy

operating speed: 780m/min

design speed: 1000m/min

basis weight range: 40-80g/m²

raw material: waste paper, newsprint and magazine

drive side: left in paper run direction

drive voltage: 380V

frequency: 50Hz
