

Twin-Wire Gapformer Newsprint machine 6800mm Gebrauchtmaschine | Artikel-Nr. 2692

Technische Daten:

| | |
|-------------|---------------------------------------|
| Maschine: | Twin-Wire Gapformer Newsprint machine |
| | 6800mm |
| Hersteller: | |
| Typ: | Twin-Wire Gapformer |
| Größe: | 6800mm |
| Kapazität: | |
| Jahr: | 1974 |

Beschreibung:

Gapformer Newsprint machine:

manufacturer: Beloit

type: Twin-Wire Gapformer

year of manufacturing: 1974

years of major rebuilt: 1994 - 1996 - 2006

working width at the pope reel: 6800mm

capacity: paper machine 100 000 tpy and deinking stock preparation 70 000 tpy

operating speed: 780m/min

design speed: 1000m/min

basis weight range: 40-80g/m²

raw material: waste paper, newsprint and magazine

drive side: left in paper run direction

drive voltage: 380V

frequency: 50Hz
