Produktionslinie für Papierhandtücher

Gebrauchtmaschine | Artikel-Nr. 4979

Technische Daten:

Maschine:	Produktionslinie für Papierhandtücher
Hersteller:	Chen Rong (Taiwan)
Typ:	CR-228
Größe:	None
Kapazität:	None
Jahr:	2010's

Beschreibung:

Produktionslinie für gefaltete Tücher

Interfolder machine specifications:

Vacuum pump type LTV-150

Top speed (folding part): 120 m/min

Max. paper width: 1375 mm

Sheet length before bend: 115 mm

Folding types: V

Number of plies: 1 or 2

Trim removing from both side of the paper strap: min. width approx. 20 mm

Embosser sections: 2 pcs

Ply sticking: glue

Number of paper unwinders: 2 pcs

Max. reel diameter: 1200mm

Max. rell width: 1375 mm

Reel inner core diameter: 76 mm

Log saw specifications:

Log saw model CR 228A

Manufacturer. Chen Rong

Year: 2010's

Log saw speed: 100 clips/min

Blade diameter: 610 mm

Pack wrapping machine specifications:

Soft pack wrapping machine model CR 630

Manufacturer: Chen rong

Year: 2010's

Packing type: plastic film (NPP)

Max. speed: 40 pack/min

Perforation for opening: yes

Possible pack formats: 165, 220, 250 mm

Possible pack heights: 70, 80, 100 (+/-5) mm

Date printer included: Markem-Imaje x 45

Box sealing device: included
