

Corrugating Board Paper (or Kraft paper) Mill+ Stock Preparation

Gebrauchtmaschine | Artikel-Nr. 5444

Technische Daten:

Maschine:	Corrugating Board Paper (or Kraft paper) Mill+ Stock Preparation
Hersteller:	Metso / Beloit / Mitsubishi
Typ:	Twin wire (or four wires)
Größe:	6520 mm
Kapazität:	400 t/d
Jahr:	None

Beschreibung:

Paper: Kraft (or Corrugating Medium, Test Liner Paper)

Basis weight: 31-100 GSM (or 220GSM)

Maximum paper width: 6520 mm

Production capacity: 400 ton/day

Design speed: 1,110 m/min

Nominal speed: 400~800mm/min

Slight motion speed: 10~60mm/min

(At sequence, operation monitoring settings possible)

Leveling speed: 100~999.9m/min

(At sequence, operation monitoring settings possible)

Rate of change per second:

0.1~1m/min/sec (slow speed)

1~5m/min/sec (rapid speed)

Change time settings: 10%/200 seconds (10% change time can be set)

Coating in size press: max. 1g/m² (double-side)

Reel winding length: 74m

Reel winding maximum diameter: 2600mm

The number of machine sections: 12 sections

The number of motors: 42units (Manufacturing year: 2004)

Manufacturing year of electric equipment: 2004
