Several different tissue paper converting machines
Gebrauchtmaschine | Artikel-Nr. 5727

Technische Daten:

Maschine:	Several different tissue paper converting machines
Hersteller:	Several different tissue paper converting machines
Typ:	None
Größe:	None
Kapazität:	None
Jahr:	None

Beschreibung:

1. Automatic handkerchief production line - fully automatic. Productivity – 35 packs per minute.

2. Bandsaw with self-sharpening tape for cutting toilet paper and kitchen rolls.

3. Napkin machine with one printing section. Productivity: 500 pieces per minute.

4. Napkin machine with two printing sections. Productivity: 600 – 650 pieces per minute.

5. Napkin machine. Productivity: 650 – 700 pieces per minute.

6. Production line for cardboard spools. Capacity: 12 meters/~39ft per minute.

7. Production line for toilet paper and kitchen towel rolls. Productivity: 90 tons/198,416 lbs per month.

8.Production machine for toilet paper and kitchen towel rolls with Deco system and lamination. Productivity: 90 tons/198,416 per month.

9. Production machine for toilet paper and kitchen towel rolls. Productivity: 150 tons/330,693 lbs per month.

10. Production machine for V-shaped hand towels with a vacuum-folding system.

Productivity: 1) V – hand towels – 450 pieces per minute. 2) V - fold toilet paper 3x17g / 3x0.60oz - 450 pieces per minute.

11. Unrolling and slitting machine for sanitary paper. Productivity: 4000 – 5000 kilograms/8,818 - 11,023 lbs daily.
