Paper converting plant with coater rewinder sheet cutter

Artikel-Nr. 6147

Technische Daten:

Maschine:	Paper converting plant with coater rewinder sheet cutter
Hersteller:	None
Typ:	None
Größe:	None
Kapazität:	None
Jahr:	None

Beschreibung:

Set of machines for paper and film coating and processing

Large coater

Small coater

Rewinder

Elecric mixer

Pallet wrapper

Paper sheeter

Waste paper press

Large coater

Year of manufacture 2011

Coating, lamination (additional lamination unwinder)

Corona treatment

Working width – 1700 mm

Material in rolls

Raw material – paper (50-300 g/m2), film (0.023-0.10 mm)

Substances - solvent glue,water -based soluti on

Coating Type -Mayer bar, Anilox Roller, Slit Roller

Dryer – length 18 m, 7 drying secti ons, temp 30C -170C, gas drying (blower)

Roll Diameter -max 1400 mm

Hot air generator included

Small coater

Year of manufacture 2015.

Coati ng

Working width – 650 mm

Material in rolls

Raw material – paper 950-350g/m2), film
