Coal dust steam boiler house with 1 MW Turbine

Artikel-Nr. 6119

Technische Daten:

Maschine:	Coal dust steam boiler house with 1 MW Turbine
Hersteller:	None
Typ:	Coal dust steam boiler
Größe:	None
Kapazität:	14,5 t/h steam 22,5 bar
Jahr:	2000 s

Beschreibung:

Coal dust steam boiler plant with turbine.

Consisting of among other related installations of the following main components

- 2 Coal dust storage tanks

- Coal dust steam boiler, capacity 14,5 t/h steam 22 bar

- Steam Turbine 1MW / 1325 KvA / 50 Hz /

- Ash handling system

- Control system
