

Used GENCO flexo printer for sale

Gebrauchtmachine | Artikel-Nr. 6180

Technische Daten:

Maschine:	Used GENCO flexo printer for sale
Hersteller:	Genco
Typ:	None
Größe:	None
Kapazität:	None
Jahr:	None

Beschreibung:

High-Performance Flexo Line – Proven Reliability, Exceptional Value

This configuration delivers consistent performance, precision, and durability—ideal for high-volume corrugated packaging operations.

Equipment Configuration:

- **Prefeeder:** CMF Ferrari (circa 1979) – Built to last, ensures smooth sheet flow
- **Feeder & Printer:** Genco system with 4 mechanical transfer printers (1979) – Reliable print quality with proven mechanics
- **Stacker:** Delta Stack Emba (circa 2006) – Efficient stacking with modern controls

Sheet Capacity:

- **Max Sheet Size:** 1270 × 2000 mm
- **Min Sheet Size:** 600 × 625 mm
- Versatile range for various box formats and production needs

Print & Roll Specs:

- **Anilox Roll:**
 - Volume: 11 cm³
 - Line Count: 100 LPI
 - Angle: 60° – Optimized for consistent ink transfer
- **Ceramic Roll:**
 - Genco Ward Ceramique Apex L2150
 - Size: 66 × 88 cm – Durable and precise for long-run jobs

Benefits:

- Proven components with decades of operational success
- Ideal for mid- to high-volume production
- Cost-effective upgrade for expanding capacity or replacing aging systems
