

Querschneider marquipward united, 1650 mm Gebrauchtmachine | Artikel-Nr. 6186

Technische Daten:

Maschine:	Querschneider marquipward united, 1650 mm
Hersteller:	Marquipward united
Typ:	None
Größe:	1650mm
Kapazität:	335 m/min
Jahr:	ca. 2015

Beschreibung:

Standort: Süd ost Asien

Technical Parameter	Metric (Product Detail)	Imperial (Options)
Sheet Width (max.)	1650 mm	65"
Reel Width (optional)	1700 mm	67"
Reel Diameter (max.)	1850 mm	73"
Reel Weight (max.)	3410 kg	7500 lbs
Core Diameter (min./max.)	70 mm	3"
Speed (max.)	335 m/min	1100 ft/min
Length Accuracy (Single Web)	±0.38 mm	±0.015"
Length Accuracy (Multi Web)	±0.76 mm	±0.030"
Knife Capacity	1000 gsm	—
Slitter Capacity	600 gsm	—
Sheet Length (min./max.)	400 mm – 1650 mm	15.75" – 65"

Key Features:

- **Dual-Rotary Knife System** with tangentially mounted blades for clean, consistent cuts
- **Vacuum Knife Trim System** for dust-free precision
- **460 mm Knife Lift Stroke** for high-speed sheet orders
- **PC-Based Control System** with menu storage and remote diagnostics
- **Liquid-Cooled Motor & Drives** for reduced noise and energy efficiency

Technical Highlights:

- **Max Sheet Width:** 1650 mm (65")
- **Reel Diameter:** Up to 1850 mm (73")
- **Reel Weight:** Up to 3410 kg (7500 lbs)
- **Length Accuracy:** ±0.38 mm (Single Web), ±0.76 mm (Multi Web)
- **Material Capacity:** Knife – 1000 gsm, Slitter – 600 gsm

Optional Upgrades:

- Automatic Decurling Rollers
 - Web Cleaning System
 - Splice-to-Splice Detection
 - Automatic Pallet Change
 - Advanced Programming Option
-
