

Paper machine 3520mm, 120 tpd, Voith Gebrauchtmaschine | Artikel-Nr. 6250

Technische Daten:

Maschine:	Paper machine 3520mm, 120 tpd, Voith
Hersteller:	Voith
Typ:	Light weight gsm fourdrinier machine
Größe:	3520mm
Kapazität:	120 TPD, 800 m ³ /pm
Jahr:	Regular updated

Beschreibung:

Design speed: 800 m/min, Operating speed: 700 m/min,

Basis weight: 30 upto 60 g/m²

Hydraulic headbox, 14.5 m wire section with top former

Press section: 606 press (750/750/750) + main press (1000/550)

Dryer section with 28 dryer cylinders

One film size press

One four-roll soft calender, two scanners

One pope reel, one rewinder (2200 m/min)

Vacuum system, drive system, ABB frequency converters

Production capacity: ca. 120 tons/day

Complete paper machine (excluding pulping section)

Scope: from approach flow screening system to rewinder

Equipped with a Voith rewinder with design speed of 2000 m/min
