Fully Automatic Tissue Paper Cutting System
Artikel-Nr. 6444

Technische Daten:

Maschine:	Fully Automatic Tissue Paper Cutting System
Hersteller:	Dienes
Typ:	Modul IV "Controlleur" with 15 pcs Scissors cut units type PSG-DF.
Größe:	None
Kapazität:	None
Jahr:	None

Beschreibung:

General Information

Company: DIENES

Type: Modul IV "Controller" with 15 pcs Scissors cut units type PSG-DF

15 pcs motor driven knives

Building year: 2008

1. Main Parts

a. Cutting unit

b. Electrical Cabinet

Dimension: 220 x 225 x 65 (B x H x T)

Equipped with:

- Frequency converter for motor driven knives
- Frequency converter for automatic paper adjustment system
- Transformer for input voltage 400 or 525 Volt

c. Control panel with Siemens MP370

2. Specifications

- 15 Scissors cut units
- Operation width: 3460 mm to 3150 mm
- Tissue paper grade: 14 – 18 g/m²
- Max. 1500 m/min
- Minimum cutting width: 155 mm
- Producer declaration (no CE)
- Extensive spare parts
- Complete documentation

3. Details

a. Scissors cut units type PSG-DF

b. Knives:

- Circular knife
- Driven knife

4. Spare Parts

- 1 piece complete scissors cut unit PSG DF 145 (right hand)
